TRAVEL REGULATIONS**

Employees shall be reimbursed for travel expenses incurred while performing duties or attending workshops or other employment-related functions, provided that prior written approval for the activity for which the employee seeks reimbursement has been received from the Superintendent, principal (or other immediate supervisor with the authority to make school approvals), or the appropriate designee of the Superintendent and that the teacher’s attendance/travel was at the request of the district.

It is the responsibility of the employee to determine the appropriate supervisor from which he/she must obtain approval.

Reimbursement claims must be made on forms provided by the District and must be supported by appropriate, original receipts. Copies of receipts or other documentation are not acceptable, except in extraordinary circumstances.

Reimbursement for expenses paid by certified staff includes the following:

- (1.) Travel reimbursements will be limited to the rates established by the Superintendent for the destinations cited in Enclosure 3 (Mileage Scale) to this policy manual (attached). The maximum meals rates approved by the School Board are as indicated in paragraph 11.F. below.

- (2.) Tuition, registration, and enrollment fees for course work where additional certifications are required by the school district. In the event that standardized tests are required for these additional certifications, such fees may also be reimbursed upon prior approval of the Superintendent.
- (3.) Any other product, equipment, or services may be reimbursed with the prior approval of the Superintendent.

The School Vehicle must be used, when available, for any trip. Please call and schedule the vehicle through the superintendent's office. Priorities will be given to the longest trips and those trips that require taking the most individuals. If you contact the office and the school vehicle is not available, you will be reimbursed according to the mileage scale included in this policy. If you choose to use your own vehicle for the trip and the school vehicle is available, no reimbursement will be made without prior approval from the Superintendent. Mileage will be reimbursed at the rate of .35 cents per mile according to the mileage scale provided in this policy. If the destination of your trip is not on the scale, mileage will be figured from Norfolk to destination and back to Norfolk using Mapquest. Norfolk Schools assumes no responsibility for any maintenance, operational costs, accidents, fines or tolls incurred by the owner of the vehicle while on School business.

CLASSIFIED SICK BANK (SLB) WELLNESS POLICY

Norfolk School will administer one sick leave bank for all full time classified personnel who wish to participate. Participation shall be on a voluntary basis. In addition, a “Well-ness Program” will be established in which classified staff receives \$200 for not using any sick days per school year.

Each participant shall contribute one (1) day of earned sick leave per year. The participant must submit, no later than September 15, a signed agreement to the District Treasurer’s office authorizing the contributed day. After the election to participate in the sick leave bank has been made, the participation shall be continuous, unless the District Treasurer receives a written request from the participant by September 15th for the withdrawal of membership in the sick leave bank. Days contributed to the SLB by signed authorization cannot be returned to the participant. Furthermore, transfer of sick days is no longer available. Requests or questions need to be directed the Sick Bank Committee, who will be the Classified Personnel Policy Committee, to be elected by October 15 of each year.

Days from the sick leave bank may be used by any contributing member in the event of a catastrophic illness or accident. The catastrophic illness or accident will be determined by a special committee of contributors elected by participating members and the administration. Participating members must use up accumulated sick days and personal days before requesting from the sick leave bank. SLB days will only be granted for circumstances which require five or more full school days of consecutive absences. All requests must be submitted in writing.

No participant shall receive more than 30 days from the SLB in any one (1) fiscal year. No more than 30 SLB days may be used per illness. The number of days that can be drawn by an individual is subject to availability. Newly hired employees will be able to enroll in the Bank within thirty (30) days of the beginning of contracted service with the District. SLB days will not be granted for elective surgery that could be scheduled during designated vacation periods or for treatment plans that could be scheduled outside normal work hours. Any member who is receiving temporary disability payment from the Workers’ Compensation Insurance Fund is not eligible to receive SLB days.

The Committee shall meet as necessary for the purpose of reviewing requests for withdrawal from the bank. The determination of the committee shall be final.

Sick Leave Bank Application

1. Employees shall complete an official request for SLB form bearing the employee’s signature. SLB forms are available from the immediate supervisor or the District Office.

2. Employees shall complete a release of medical information form to allow the members of the SLB committee to review any medical documentation that they provide with the request for SLB. The illness/injury must be medically documented with a statement bearing an original signature from the attending physician. The verification of absence form may not be stamped with a physician's signature or signed by the attending nurse, office manager, etc.

INTRODUCTION

This classified employee hand-book was developed to improve employer-employee relationships and to provide answers to questions employees may have during their employment with the Norfolk School District.

CODE OF ETHICS

All employees of the Norfolk School District, whether certified or classified, are a necessary part in the process of educating the students of the district. Therefore, we must all strive to work together to reach the common goal of providing the best possible education for the students of Norfolk Public Schools.

It is important that employee actions at school and in the community be of the highest quality because of the effect they may have upon our students, either directly or indirectly.

A classified employee found to be dishonest or immoral will be subject to dismissal by the Norfolk School Board.

LENGTH OF CONTRACT

The working hours of classified employees may vary, however some practices are common to all classified, as well as certified employees.

1. All employees are expected to be at work by the designated time.
2. All are expected to put in their required time each and every day. Employees are not allowed to leave early without the permission of their immediate supervisor.

VACATION

Twelve month classified employees shall earn one vacation day per contracted month, and can accumulate up to 30 vacation days. Classified employees may choose to be reimbursed for unused vacation days, at their daily rate. Employees must notify the Central Office if they choose to be reimbursed for unused vacation days. If notification does not occur the unused vacation days will be carried over to the following year.

CLASSIFIED EMPLOYEE ABSENCES

Classified employees may, with prior notification to their immediate supervisor, use two (2) days of personal leave per year. Personal leave days may accumulate up to five (5) days. After the five days have accumulated the excess will be converted to sick days.

Classified employees shall be entitled to one (1) day per month of contract for sick leave with pay. Employees may accumulate

up to 120 days of sick leave. After 120 days have accumulated, the employee shall be reimbursed at a rate of \$55 per day for accumulated sick leave.

Upon retirement from the District, a classified employee will receive compensation for each unused sick day earned in consecutive years in this District, at a rate of Fifty-five (55) dollars per day, if that employee has ten (10) consecutive years of service to the Norfolk School District.

Sick leave is to be used for personal illness or illness in the immediate family. The Superintendent or the building Principal will have the discretion to define immediate family beyond those relatives living in the same household. Classified employees may use sick leave for childbirth or adoption, however, when the sick leave expires, additional days will be deducted from the employees salary.

An employee planning to be absent must notify the immediate supervisor prior to the absence. If an emergency arises, supervisors must be notified as soon as possible.

OTHER FRINGE BENEFITS

Classified employees receive the vacation, personal and sick leave as listed above. In addition classified employees may receive \$164.00 per month toward insurance premiums if they have school medical insurance. All school employees may eat free in the cafeteria.

DRUG-FREE WORKPLACE POLICY

This policy meets the requirements stated by Section 5145 of the Drug-Free School and Communities Act, as added by Section 22 of the Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-226).

The Norfolk District has established administrative procedures to implement a drug abuse and prevention program. The non-medical use of drugs is forbidden on school property or at school-sponsored activities away from school property. Employees determined to be using drugs shall be reported immediately to the Principal or other person in charge. The Superintendent shall conduct an investigation into the matter. Any evidence that the employee is involved with the distribution, possession, or is under the influence of drugs will be turned over to law enforcement authorities. Once it has been determined that the employee has violated the school drug policy, the Superintendent shall suspend the employee and recommend termination of their contract to the School Board. Any classified employee who also drives a school bus must become familiar with the drug and alcohol testing procedures mandated by federal law. Copies are available at the bus garage.

GRIEVANCE PROCEDURES

The purpose of this procedure is to secure at the lowest level, equitable solutions to the problems which may occur occasionally affecting the staff. The employees shall have the right to present grievances and, in doing so shall be assured the freedom from restraint, interference, discrimination, and reprisal. At any point in the procedure, the complainant has the right to council. The following steps will be used in any complaint of grievance.

Step 1: Within (10) ten working days of the triggering event, the complainant must present the written complaint to the immediate supervisor. The supervisor will investigate and respond within 5 working days and shall respond in writing.

Step 2: If the complainant desires to further pursue the grievance, the grievance must be presented to the Superintendent within ten (10) working days from the receipt of the immediate supervisor's response. The Superintendent shall respond within five (5) working days.

Step 3: If the complainant is not satisfied at this level, an appeal may be made within ten (10) working days after the receipt of the Superintendent's response. The School Board will consider the complaint at the next regularly scheduled Board meeting. Board hearings will be conducted so as to afford due process to all parties involved in the complaint. The Board will respond to the complainant in writing within five (5) working days after the hearing.

All classified staff shall be employed by the School Board upon recommendation from the Superintendent of Schools. If a person is rejected by the Board, it is the duty of the Superintendent to make another recommendation.

The Superintendent of Schools shall be responsible for the assignment of all classified personnel. *Classified employees will be given credit for up to 5 years related experience for classified salary schedule. The experience must be documented by the former employer and credit is given to the new employee at the superintendent's recommendation.

Classified staff members are subject to transfer from position to position at the discretion of the Superintendent of Schools. Classified staff members may request transfers, which will be done in writing to the Superintendent. After consideration, the decision of the Superintendent will be final.

REDUCTION IN FORCE

Should any number of factors, such as declining enrollment, lack of sufficient finances, or program changes, result in a decision of the Board to conduct a reduction in force, the following procedures will be performed.

- 1) Every effort will be made to limit the reduction to voluntary retirements, resignations and voluntary transfer of duties. Should such be inadequate, the reduction will be accomplished by non-renewal at the end of a contract period. Only under extreme conditions shall such reductions be accomplished by dismissal or termination during the contract period.
- 2) If the above efforts do not eliminate the necessary reductions, the employees with the least number of years of continuous experience in the District will be terminated or non-renewed. In the cases where two or more employees were employed in the same year, the dates of the first contract shall be used to determine seniority.

SUSPENSION, TERMINATION, NON-RENEWAL

Action will be taken on classified personnel, normally in the March Board Meeting, but not later than May 1. In the event that any classified employee is to be terminated or non-renewed, the employee is to be notified in writing 30 days prior to the termination or non-renewal of the existing contract.

EVALUATION PROCESS

Each classified employee will be evaluated annually by their immediate supervisor. The evaluation shall reflect his or her overall job performance. The evaluation shall acknowledge strengths and weaknesses of the employee. The evaluation shall make note of suggestions to improve on any weaknesses, and a time line to make those improvements. The evaluator will review the evaluation with the employee, and a copy of this annual evaluation shall be given to the employee, the supervisor and the Superintendent.

TRANSPORTATION

Before you get behind the wheel of a school bus, there is a great deal you need to know about yourself, your responsibilities and those with whom you work. The transportation of pupils to and from school is a necessary part of an educational program.

Competent school bus drivers and standard operation of buses must be realized if a safe, efficient and economical transportation program is to be realized.

It is evident that you, the school bus driver, are a very important person with a responsible part to play in our educational system. In most instances, you will be the first representative of the school system to meet the children in the morning and the last to see them at night. While the children are on the bus, their safety is in your hands. Therefore you as a bus driver are in a position to be a very important influence on these children and their parents' attitude toward our school, making your job that much more important.

SPECIFIC INSTRUCTIONS

4. Dress should be such that proper respect is gained from the children.
5. Maintain control of the bus at all times. The driver has the same authority as a teacher in disciplining children on the bus, but he or she is not to administer corporal punishment. Incidents on the bus must be reported to the Transportation

- Supervisor immediately and an incident report filled out and sent to the Building Principal.
6. Never allow students to extend their head or arms out of the window.

2. When a route comes open it will be posted on the driver's bulletin board. Interested drivers should apply in writing to the Transportation Supervisor.
3. The Transportation Supervisor will assign, transfer, and promote drivers based on the following factors.

- a) Drivers rank according to their permanent date.
 - b) Merit, based on safe driving record, ability to maintain discipline, attendance and the ability to deal with students, parents, and staff.
 - c) Consider location of drivers' home in respect to the route for economic purposes.
4. If a regular route driver needs to drop his or her route, but continues to sub, that driver may keep their permanent date if they drive 25% or 44 days. Drivers unable to drive the 25% will lose their permanent date ranking and must start all over if they are hired back.
